Years: SYBCOM and TYBCOM
Facilitator: Mrs Radhika Mehendale Bhosale
Participants: 78 males and 106 female students attended the session

REPORT OF CLASSROOM SESSIONS

Year- SYBCOM
Topic: Self Awareness
Session was planned to introduce students to help them explore about themselves, which will enhance their understanding about themselves. Report on Field visit to Astitva School for differently abled

Date : 30-9-2022

The SIA College of Higher Education Dombivli East, Department of Bachelor of Commerce (B.Com) organised a study tour field visit to Astitva School differently abled, Dombivli on 12th and 13th September 2022. The main purpose of this visit was to create awareness about Cerebral Palsy and Autism among the students.

Before the visit students were asked to explore the website of Astitva School from which they came to know that this organization was set up on 6th September 1981 and completed 41 years of successful establishment. It deals with two categories deaf, mute and mentally retarded.

During the visit students observed that teachers use comprehensive methodology (sign language), speech therapy and interaction skills in their daily class schedule, which helps students to develop their physical, mental and emotional aspects of their personality, enabling them to independently live in the society. Teachers take a lot of effort and use charts, photos and drawings to make the concepts clear for students and have patience to teach children and wait for them to learn. Children in the school learn English, Maths and other subjects and after completing their graduation they have 3% reservation in working places. There were a total of 350 students in school and they were between the ages of 3 years to 21 years. The classes conducted were from 1st std to 10th std and the timings were from 10.00 am to 4.00 pm.

In each class, there were only 6-8 students and they sat around the teacher so that they can concentrate on what the teacher was teaching. The syllabus includes self-dependence, etiquettes, conversation, everyday activities etc. Children socialize, learn, have fun, play and experience an open environment without feeling embarrassed of their limitations.

THE S.I.A. COLLEGE OF HIGHER EDUCATION DOMBIVLI

The teacher of Astitva school shared with us that children enjoyed a lot with their classmates. They talked, laughed and expressed thoughts, views with their classmates. All students' listening capacity is different and early intervention is necessary. There were many therapies applied on students.

In school, children took part in various sports, games and extracurricular activities which made them feel happy. They were well-mannered and well-behaved. They enjoyed playing with smiley balls and hula hoops. As non-verbal communication was only the mode to communicate and connect with the special children. Children were very happy and enthusiastic to meet young college students. They shared their artwork with students. It was heartening to note that students were encouraged to study new things. Their teachers were very supportive. Everyone cheered the students and clicked some pictures with them.

Outcome:

SIA college students replaced their sympathy by love towards the retarded and disabled fellow beings. They observed that the specially abled children are so sharp and keen to learn new things. They were thankful to nature and parents for having everything in life and felt not to be ever complaining hereafter. Students used non-verbal communication i.e smiley balls, hula hoops to connect with the children.

A total of 149 students from FYBCOM had attended the visit from which 74 were male participants and 75 female participants. Teachers in charge for the visit were Dr. Shilpa Malani, Dr. Nitinkumar Patil and Mrs. Megha V

The session started at 9.30 am with a formal welcome of the guests by Miss. Jyotsna Patil, student of TYBCOM. Thereafter, Mr. Sandeep took-over the session and explained the importance of investing in the right avenues to ensure that future is secure. Mr. Sandeep used the right mix of pictures, videos and real-life case stories to explain how timely investment in mutual funds and other market instruments can help build a large pool of money which can help to fulfil all goals. He advised the students to start with goal setting, prioritizing the goals, and then investing small amounts through SIPs so that enough funds can be generated to achieve all dreams.

The session ended with a round of discussion and vote of thanks.

Outcome:
The students learnt about goal setting and how to become financially independent by investing in the right sources.

78 male and 67 female beneficiaries attended the session.

Report on visit to Bombay High Court

Date : 1-4-2023

The SIA College of Higher Education Dombivli East, Departments of Bachelor of Commerce (B.Com) and Management Studies (B.M.S.) organised a study tour visit to Bombay High Court on Friday, 31st March 2023 as a part of their Foundation Couse. Objective of the visit was to create awareness about the functioning of Bombay High Court, experience live court proceedings, observe cases related to violation of human rights.

Students gathered in college at 7 am. After taking attendance bus started at 7.30 am from college. We reached High court at 9.45 am and after official formalities students entered high court premises. There was very tight security at the gate. Students first saw the live court proceedings at the court room from 11 am to 12 pm. Group of 17 students was formed and each group was allotted different court room.

In court room no 40 there an ongoing case of Sinhgad institute of Pune i.e. non-payment of capitation fees. There was a pin drop silence in the court room. The lawyers and the judges were the only ones speaking that too in a very polite manner.

After experiencing the court proceedings, students explored the museum that is inside the Bombay High Court. At museum they discovered the history of Bombay, which was earlier a land of seven islands, how it was given to the Britishers by the Portuguese, when it was formed, and Barrister degree certificate of many renowned persons like Dr. Baba Saheb Ambedkar and Mahatma Gandhi were preserved. Judgement of Britishers judges were kept in the museum. Everything had a very British feel attached to it- the wooden chairs, tables, a feather ink pen and a vintage typewriter, 'Mignon 1905'. To top it off, we found a British advocate's gown, wig and box displayed safely inside a glass door.

THE S.I.A. COLLEGE OF HIGHER EDUCATION DOMBIVLI

Outcome:

Students observed the working of Advocates, nature of duties of judicial officers during the live court proceedings, beautiful carvings of high court and the history of Bombay. Students got a practical exposure of Indian judiciary system.

The students performed the short skit in all classes and shared the pros and cons of Social Media and also highlighted the grave concerns of Cyber Security, Hacking and Identity thefts that happen in today's digital age.

The Skit was well received by all the students, thus creating an awareness on the usage of Social Media in today's world.
