A proposal is the basis for a policy offered by a life insurance company. The form is the bare minimum necessary for the life insurance policy between you and the life insurance provider to operate. It must be filled out by the proposer, who may enlist the help of a life insurance expert.

Basic information on the proposer is requested on a proposal form. Details of the proposer's name, age, address, education, and employment are also included. A medical history of the life of proposer is also gathered in the proposal form.

There are concerns about the family member's health that need to be clarified. Verification of details entered are necessary to enjoy benefits of policy.

### Form Filling

Since the accuracy of details that are entered in the proposal form are critical to the insurance policy, necessary steps should be taken to ensure that the person buying the policy is the one filling the form.

### The insurance proposal form.

- Name — This is very important, as the name entered here will be the name of the policyholder. At the time of claim, if this name does not match, it can lead to non-settlement of the claim.

- Address — If the address is not properly stated, it can lead to a communication gap, which might mean missing out on crucial correspondence from the insurance company.
- Occupation — Which occupation the proposer is involved in affects the decision of the insurance underwriter to a great extent. It can lead to the rejection of the proposal or hike in the rate of premium.
- Sum Insured — This is the reason why you are opting for the insurance policy. The sum insured is the amount for which you are seeking coverage, and is also the limit to which the insurer is liable.
- Age — the age as per the last birthday before the filling of the proposal form.

Completed proposal Form.

In your Insurance proposal Form, make sure all the details like Name, Address, Occupation, Age, Bank Details, Identity and all necessary information are correctly filled. Make sure you fill it with utmost accuracy. You need to attach certain documents along with the claim form, as asked.

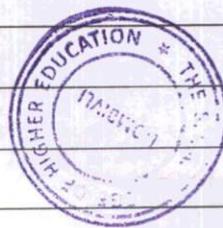

## Declaration

As mentioned before the relation between the insurer and the insured is based on trust, and every proposal form comes with a declaration to this effect. These declarations consist of statement such as:

'details given here are true and nothing has been hidden or misrepresented, 'the proposal form the basis of the 'contract' and the proposer agrees to pay the premium and accept a policy that will be offered after due assessment.

From the above points, we come to understand just how important the proposal form really is. Hence, it is paramount that those buying an insurance policy should pay meticulous attention while filling their details in this important document, failure of which may lead to adverse consequence.

**I. Declaration, Agreement and Authorisation**

I/We have read this Application and got read/ explained the Application, and furnished the information, after fully understanding the contents thereof. I/We have made complete, true and accurate disclosure of all facts to the best of my/our knowledge and belief and that I/we have not withheld any information. I/We hereby declare, on my/our behalf and on behalf of the person proposed to be insured, that the above statements, answers and/or particulars given by me/us are true and complete in all respects to the best of my/our knowledge and that I/we am/are authorized to propose on their behalf. I/We understand that the information provided by me/us form the basis of the insurance policy and that the policy is subject to the Board approved underwriting policy of PNB MetLife India Insurance Company Limited ('PNB MetLife') and that the cover will come into force and effect only after full receipt of the premium chargeable and upon issuance of the policy.

I declare that I consent to the Company seeking medical information from any doctor or hospital who/which at any time has attended on the person to be insured/proposer or from any past or present employer concerning anything which affects the physical or mental health of the person to be insured/proposer and seeking information from any insurer to whom an application for insurance on the person to be insured/proposer has been made for the purpose of underwriting the proposal and/or claim settlement. I authorize the Company to share information pertaining to my proposal including the medical records of the insured/proposer for the sole purpose of underwriting the proposal and/or claims settlement and with any Governmental and/or Regulatory authority. I/We hereby consent, and authorize, PNB MetLife to use and disclose any of my/our personal and sensitive information collected or available with PNB MetLife (whether contained in this application or obtained otherwise) to any individual/organisation/entity associated or affiliated with or engaged by PNB MetLife, within or outside India, including reinsurers, claim investigative agencies, vendors and industry associations/federations, for the purpose of processing/underwriting this application and/or providing subsequent services which will include but not limited to services arising out of the insurance contract, including claims settlement.

**AGREEMENT/AUTHORISATION:** I do hereby agree that: 1. My statements and this declaration shall be the basis of any policy issued by PNB MetLife India Insurance Co. Ltd. ("PNB MetLife"). 2. If any untrue statement be contained in this Application, the policy contract shall be null and void and the premium/premiums paid by me shall be refunded to me within 90 days of such repudiation. In case of fraud, the policy shall be treated in accordance with section 45 of the insurance act. 3. Furthermore, I hereby irrevocably authorise any organisation, institution or individual that has any record of knowledge of my health and medical history or any treatment or advice that has been or may hereafter be consulted or other personal information to disclose to PNB MetLife such information. This authorisation shall bind my successors and assigns and remain valid notwithstanding my death or incapacity in so far as legally possible. 4. The payment made along with the Application is a Deposit with the Company to be adjusted towards premium in the event of acceptance of the risk sought to be insured by me. Unless accepted and Policy is issued, no risk shall attach to the Company. I further acknowledge that the process of consideration of the Application by the underwriter and decision on acceptance of risk may involve a period of time for which I have no objection. In the event that the Application is found acceptable, you shall be entitled to issue the Policy commencing from any date subsequent to the date of submission of Application by me. I agree to undergo all medical tests required by PNB MetLife as per its guidelines, including HIV-Elisa test. 5. I further authorise PNB MetLife to use and disclose any personal information collected or available with PNB MetLife (whether contained in this application or obtained otherwise) to individuals/organizations/entities associated or engaged by/with it (within or outside India, including reinsurers and claim investigative companies and agencies, and industry associations/federations) for the purpose of evaluating insurance on this application and providing subsequent services including the claims arising out of this contract. 6. I understand that renewal premiums if paid by cash, has to be paid only in PNB MetLife branches, PNB MetLife outlets & other authorized cash collection agencies against an official receipt. If it is paid to IA for depositing with the company, then the IA for this purpose is acting as his authorized representative and not that of the Company and the Company shall not be liable for any loss incurred by the customer while doing so. 7. I hereby declare that money used by me to pay the premium under this proposal has not been derived from any criminal or illegal activity or any unknown sources. 8. I hereby declare that the KYC details furnished above are true and correct to the best of my knowledge and belief. I undertake to inform you of any changes therein, immediately. In case any of the above information is found to be false or untrue or misleading or misrepresenting, I am aware that I may be held liable for it. I hereby consent to receiving information from Central KYC registry through SMS/Email on the above registered number / email address. 9. I/We further agree and consent to PNB MetLife receiving my updated address from CERSAI (which I/we understand will happen on my updating the change address before any Bank or other financial Institution) and updating the PNB MetLife database with the said updated address. I/We also agree and consent to PNB MetLife sending future communications regarding my Policy and other related services on the said updated address.

**Section 45 of the Insurance Act, 1938 :** 1. No policy of life insurance shall be called in question on any ground whatsoever after the expiry of three years from the date of the policy i.e. from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later. 2. A policy of life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground of fraud; provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees or assignees of the insured, the grounds and materials on which such decision is based. For the purposes of this sub-section, the expression 'fraud' means any of the following acts committed by the insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy: a. The suggestion, as a fact of that which is not true and which the insured does not believe to be true; b. The active concealment of a fact by the insured having knowledge or belief of the fact; c. Any other act fitted to deceive; and d. Any such act or omission as the law specifically declares to be fraudulent. Mere silence as to facts likely to affect the assessment of risk by the insurer is not fraud, unless the circumstances of the case are such that regard being had to them, it is the duty of the insured or his agent, keeping silence to speak, or unless his silence is, in itself, equivalent to speak.

For complete details of the section and the definition of 'date of policy', please refer Section 45 of the Insurance Act, 1938, as amended from time to time.

**Section 41 of the Insurance Act, 1938 :** (1) No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectus or tables of the insurer. Provided that acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be deemed to be acceptance of a rebate of premium within the meaning of this sub section if at the time of such acceptance the insurance agent satisfies the prescribed conditions establishing that he is a bona fide insurance agent employed by the insurer. (2) Any person making default in complying with the provisions of this section shall be liable for a penalty which may extend to ten lakh rupees.

Team building exercises, extracurricular activities, etc.	Engage in fun activities, extracurricular objectives to be fulfilled.
How do you deliver any negative feedback or news that you may have received?	Tried to portray it in a positive light, or along with other benefits.	Email to employees– ensured the right solution to answer asap.	Adjustments made in case of timings– preplanning– schedule made then.	Discussing with the hiring manager– if both parties are involved in a situation, listen to them.
What is the biggest challenge the team has faced in the past years or two (obviously keeping in mind the COVID 19 pandemic)?	Time crunch & lack of supply sometimes is a great challenge.	Optics market did not suffer much– but still families are not ready to let them stay at.	Team effort slowed down– LWP (leave without pay) were handed productivity down– loss of profit.	Proper reporting required for any challenges faced– no WFH nowadays.
What are some of the challenges or roadblocks that you might come up against in this role?	Online business is a big issue for business– untrustworthy products– proper training to staff (lack of)	Not much challenge at Lenskart land– option mkt level– bad Google rating or cost, service, etc.	Demotivation in employees due to bad news, feedback options provided.	Rigorous selections in case of vacancy, time consuming, attractive offers from competitors.

### Project 3: Electronic waste management

In this activity, students collected e-waste items like old discarded batteries, unusable mobile phones, chargers, headphones, keyboard, mouse, desktop, TV, camera, plastic wires, pendrive, CDs, DVDs etc from their family, neighbors, friends etc. After collecting e-waste items, students mentioned the details of the list of e-waste items collected, from whom e-waste is collected, weighed each item digitally and wrote an experience sharing report on the same while interacting with people.

#### Outcome:

1. 22/39 students participated in this activity and collected 18.78 kgs of e-waste.
2. Students improved their communication, convincing skills increased their self confidence.
3. This community based project led them to make friendships with strangers, neighbours etc.
4. Students enjoyed doing this project and felt a sense of encouragement towards waste management and expressed that they would like to make more contributions in future.
5. By doing this assignment students realised that lots of e-waste is available at their own house and which was being dumped till now in open areas, harming our environment. Students expressed that this is the smartest move with a better approach & their family members were happy as due to this assignment their houses were cleaned & at least some part of the drawer can now have an empty space.
6. Students were very happy with this realistic project, as they had a wonderful experience communicating with the people. Communicating with strangers was a bit challenging as many expressed their introvertedness but convinced people and made them aware about serious environmental problems.
7. Students shared that their friends studying in other colleges also want their college to give such projects. And their neighbours, friends were very proud to extend a helping hand to save our environment. Their neighbours expressed that they will also take admission of their child in SIA college due to such projects.

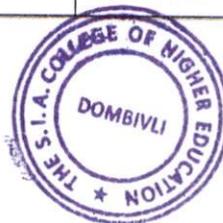

### Project 6: Survey on Job satisfaction from employees

In this assignment students conducted a survey in a pair of 2 on the topic job satisfaction from employees. Each pair had a conversation of 10 minutes with a minimum of 5 different professions.

## A visit to Prashant Sweet Corner

On January 22<sup>nd</sup> 2023 :

The students of second year and third year of BBI department of SIA college of higher education Dombivli (East) went on a visit to the Prashant Sweet Corner at Wagle street, Thane. It was a initiative taken by our class sir Mahesh Kandalkar Sir, because of whom we had a amazing experience of a factory visit.

Firstly, we all met at Thane bus stop then we went to Sweet corner batch wise by bus. Before entering the shop we were fully sanitized and provided with their Id. The officials present there were very friendly and addressed themselves and their sweet shop. We were provided with a guide to provide the information of overall working of the shop and the factory.

First we were took at the basement where they store the raw material. All the raw materials were stored in very systematic way and with all the hygiene maintenance. Then they showed their generator and waste compost machine. They also said that water which they use for production are treated and then reused for cleaning purpose, so that water

wastage is less. At the top of their factory building i.e. at the fourth floor section of reception was there and staff employees cabinet. Then we were shown how the snacks items are made. All the hygiene matters were considered.

They showed us how they make their product, how the packed products are kept and maintained. All the products are made with all the care and hearts. They also said that all the staff are fully satisfied with their employer. The guide said that they require 30000 liter of milk daily and all the milk products like ghee, mava they make on their factory and don't rely on the market products to maintain the quality. We were also provided with some sample sweets to taste and it was really very delicious and qualitative. After visiting the overall factory we were allowed to enjoy their sweets and snacks.

We completed our visit with the new experience and lot of knowledge added. We are very glad to have such a enthusiastic industrial visit and are very much thankful to our class sir Mahesh Kandalkar Sir.

**Project report on various projects for FYBBI EMFS- 2022-23**

**Project no 1: Open a Bank account**

Most of the students in their first year program are at the age of 17 or 18 years. Some students already had a joint bank account along with their parents, while many students underwent a process to enable them to open a bank account. The students who were to cross 18 years were recommended by the bank staff to apply for an account as a major holder. Students gained confidence by visiting the bank for the purpose of opening a savings account in their name and inquiring about the documents and KYC required. Students shared that by opening a bank account they learnt the habit of savings and managing money. Students attempted to help their neighbors, friends, and daily wage laborers like domestic maids in their homes to open their bank accounts. 54 students participated in this activity.

**Project number 2: History of Banking**

Students used various sources to study the history of banking in India. They took some assistance from the facilitator (teacher) as well as their classmates to understand their readings. Students enjoyed participating in the group learning process. They helped each other with presentations which removed their stage fear. 54 students participated in this activity.

**Project number 3: Insurance project**

Each student attempted to find an insurance agent through their family members or neighbors who had an insurance policy. Through sustained efforts, students managed to get some idea about the various insurance schemes and details, through their interaction with insurance agents. Students shared the experience of meeting with different insurance agents. Students discovered different types of insurance policies available. They also came to know about the procedure of how to take an insurance

policy, documents required, and various terms and conditions. 35 students participated in this activity.

**Project no 4: Peer learning**

Groups were formed by students and topics chosen by their groups ranged from various types of bank to various modern banking facilities offered to the customers. Students learnt communication skills to discuss within groups, brainstorm and present their ideas effectively through examples. 42 students participated in this activity.

Report

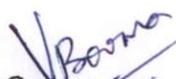

As a part experiential learning of the Course Services Marketing, Semester V, students were required to prepare a project on the following topics.

Select a particular service business

Identify a process of interest

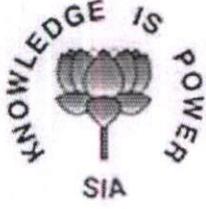

Prepare a blueprint of process flow

The students formed a group of 5 and they were asked to identify a service business and a process. They had to prepare the blueprint covering the front end, back end and support services at each stage in detail. Hard copy of the chart was submitted by the group. The activity enabled the students to understand the various stages in a process and the role of service personnel in delivering the services.

## Guidelines for Report

September 3, 2022

Dear learners,

As part of this project, you have to conduct an interview with the HR manager (or any other executive in a managerial position) of an organisation on the Performance Management System followed there.

Topic of the interview: *Performance Management/Appraisal System in \_\_\_\_\_ Organisation.*

You will write a five page report that should include:

- a. **Name and roll numbers** of the students.
- b. **Introduction of Performance Management** (You can include definitions, need and importance, types of appraisal methods, problems in Performance management, etc. For this part, refer to reference books in the library, your textbooks and internet.)
- c. **About the company** (Title, History, Products and services, number of employees, etc. You will get info from the internet)
- d. **Interview:** This part should be in Q & A format. Minimum 10 - 15 questions should be asked. Frame the questions after doing extensive background study and completing Part a and b. *Check the questions with the faculty before conducting the interview.*
- e. **Conclusion:** This should consist of insights on what you have learnt from the project and interview. It can also include your suggestions on improving the performance

management system in the organisation.

Note: The group should consist of 3 to 4 members.

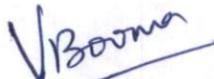

Send the name of your group (select any river like Ganga, Godavari etc. ) along with group members names and roll numbers and group leader name to CR on or before 6 September, 2022.

IMPORTANT: Deadline for Interview questions to be shown to faculty: 15 September, 2022.

Submission of report and PPT: 30 September, 2022.

## Report

October 20, 2022

As part of the course **Performance Management and Career Planning, Semester V**, the students of TYBMS HR had to conduct an interview with the HR manager (or any other executive in a managerial position) of an organisation on the Performance Management System followed there. Further, based on this interview, they had to prepare and submit a report.

The learners were divided into groups for the purpose of this project. A total of seven groups comprising 30 students conducted interviews in various organisations namely Avenue E Commerce Ltd., Motilal Oswal Financial Services, Voitekk Softsol Pvt. Ltd. , PharmaAI, See and Recruit, Property Solutions India Pvt. Ltd. and Parekh Integrated Services Pvt. Ltd. and submitted their report.

Through this activity, students learned about how performance appraisal is conducted in various organisations. They could better understand the various aspects of performance management system and link the concepts they had studied in the curriculum with the actual practices in the business world.

## Guidelines for Report

September 10, 2022

Dear learners,

As part of this project, you have to **conduct an interview with the HR manager (or any other executive in a managerial position) of an organisation on employee welfare facilities provided by their organisation.**

**Topic of the interview:** *The various employee welfare facilities provided by the organisation to their employees/workers.*

**You will write a four page report that should include:**

- a. Name and roll numbers of the students.
- b. **Introduction of employee welfare** (You can include, definitions, theories, need and importance, types of employee welfare etc. For this part, refer to reference books in the library, your textbooks and internet.)
- c. **About the company** (Title, History, Products and services, number of employees, etc. You will get info from the internet)
- d. **Interview:** This part should be in Q & A format. **Minimum 10 - 15 questions should be asked.** Frame the questions after doing background study and completing Part a. Check the questions with the instructor before conducting the interview.
- e. **Conclusion:** This should consist of insights on what you have learnt from the project and interview. It can also include your suggestions to improve employee welfare in the organisation.

**Note: The group should consist a maximum of 4 members.**

Upload the report in Google Classroom on or before 21 September, 2022.

## Report

September 24, 2022

As part of the course **Employee Relations and Welfare, Semester III**, the students had to conduct an interview with the HR manager (or any other executive in a managerial position) of an organisation on the employee welfare facilities provided by them. Based on this interview, the students had to prepare a report and submit it before the due date.

The learners were divided into groups for the purpose of this project. A total of ten groups comprising 50 students conducted interviews in various organisations namely Godrej Ltd, LineData Services, DCW Ltd. TCS, Quess, Accenture, Ethinos Digital Marketing, Hapag-Lloyd, Q Connect and Brooke Bond and submitted their report.

Through this activity, students learned about the various employee welfare facilities provided in various organisations. They could better understand the various aspects of employee welfare and its rationale and link the concepts that they had studied in the curriculum with the actual practices in the business world.

### Report on visit to Bombay High Court

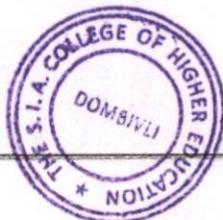

**Date : 1-4-2023**

The SIA College of Higher Education Dombivli East, Departments of Bachelor of Commerce (B.Com) and Management Studies (B.M.S.) organised a study tour visit to Bombay High Court on Friday, 31st March 2023 as a part of their Foundation Course. Objective of the visit was to create awareness about the functioning of Bombay High Court, experience live court proceedings, observe cases related to violation of human rights.

Students gathered in college at 7 am. After taking attendance bus started at 7.30 am from college. We reached High court at 9.45 am and after official formalities students entered high court premises. There was very tight security at the gate. Students first saw the live court proceedings at the court room from 11 am to 12 pm. Group of 17 students was formed and each group was allotted different court room.

In court room no 40 there an ongoing case of Sinhgad institute of Pune i.e. non-payment of capitation fees. There was a pin drop silence in the court room. The lawyers and the judges were the only ones speaking that too in a very polite manner.

After experiencing the court proceedings, students explored the museum that is inside the Bombay High Court. At museum they discovered the history of Bombay, which was earlier a land of seven islands, how it was given to the Britishers by the Portuguese, when it was formed, and Barrister degree certificate of many renowned persons like Dr. Baba Saheb Ambedkar and Mahatma Gandhi were preserved. Judgement of Britishers judges were kept in the museum. Everything had a very British feel attached to it- the wooden chairs, tables, a feather ink pen and a vintage typewriter, 'Mignon 1905'. To top it off, we found a British advocate's gown, wig and box displayed safely inside a glass door.

**Outcome:**

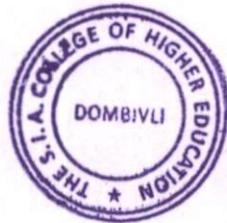

Students observed the working of Advocates, nature of duties of judicial officers during the live court proceedings, beautiful carvings of high court and the history of Bombay. Students got a practical exposure of Indian judiciary system.

Sir,

Sub: Permission to visit Port for Educational Tour.

The S.I.A College of Higher Education is located in Dombivli (e) and is affiliated to University of Mumbai and Reaccredited with B+ by NAAC. The college offers various undergraduate and postgraduate courses in Commerce, Management and Information Technology. Presently, there are about 1600 students studying here and as a part of teaching methodology practical training and experiential learning is imparted.

Sir, in order to give our students studying in Bachelor of Management Studies the practical Logistic ways followed in the Ports for handling the Containers, Project cargo, Break-bulk and Bulk materials, Motor vehicles etc. we have decided to take about 133 students studying in Bachelor of Management Studies to your modern technology port to get them some practical knowledge on :-

1. How Ships are brought inside and berthed on the port by the Tugs during high tide.
2. What are the Handling machineries and gears used for loading / unloading of containers and other items being handled there.
3. How the containers are being unloaded / loaded from / to the ship on / from the wharf / Trailers etc.
4. How the containers and other machineries are moved on / from to / the storage yard / location.
5. What are the types of Cranes and equipments installed at the storage yard for stacking or delivery of the cargo.
6. How the unloaded Containers or break-bulk / bulk cargoes are identified and loaded on to the trailers at the time of delivery or movement to other storage yard / Warehouses.

7. How the Export cars and goods vehicles are handled at the time loading on the ships etc etc.
8. What are the documentation formalities to be completed during the above import / export handling operations.

As the above details can be obtained and imbibed in the minds of the visiting Logistics and Commercial students only by physically visiting your modern JNPT we are sure that your Port will allow them to learn the subject intricacies for their future benefits. This will also enthuse and induce them to pursue such job oriented activities to choose their future career. As we Mumbaikars are all very proud about your most modern and mechanized port operating in our land we are happy to capitalize this for the benefit of our students.

Considering the benefits our students will get by having such a useful and fruitful educational tour to your JNPT we would be grateful to your office if the necessary Port visit permission is given to our students for the visit during the Month of August. The visit date particulars will be submitted to your office well in advance.

Sir, we also would like to assure you that our students will be accompanied and guided by our staff members and will fully and meticulously adhere to the norms, rules and guidelines stipulated by your port for visitors. As lot of practical educational importance is attached to this study tour, we hope that your good office will certainly accord necessary permissions to encourage the students to learn more things practically. We will be producing the list of students and teachers / professors who will be visiting the Port while arriving at the port on the visiting day. Kindly do the needful.

Dear Sir,

On behalf of The S.I.A College of Higher Education, I take this opportunity to thank the port trust authorities for giving us permission to visit the port for educational tour. It was a great learning experience for our students and they could get real time learning about logistical operations. We look forward to your support in future too.

Warm regards
