## Report

Date : 8/03/2023

Riddler's Library Club has organised Inter-Collegiate Book Review Competition on Monday, 6<sup>th</sup> March 2023 in the College Auditorium.

Asst. Prof. Mrs. Mamta Devre of BSC.IT Department was the judge for the event. The students were judged on 5 criteria Choice of book, Content, Adherence to Rules, Confidence and Practical Applicability.

To inculcate reading habits, develop critical thinking skills and improving self-Confidence among the students. The event was organised to motivate the students to read more apart from academics.

Overall 2 Colleges participated in the event. In total 14 students registered and participated in the competition (out of that 4 were Male and 10 were Female) Three students were the winners of the competition:

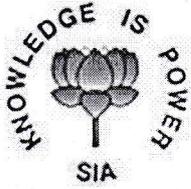

1. Miss. Vaishnavi Shinde from The S.I.A. College of Higher Education.
2. Mr. Shubham More from The S.I.A. College of Higher Education
3. Esha Mishra from The S.I.A. Junior College

Student participated in the competition with a lot of enthusiasm and vigour

## Report – World Population Day

Date: 12-07-2022

Eco Club in association with Student Council of The Sia College of Higher Education, Dombivli (East) organised a skit on World Population Day on Monday 11<sup>th</sup> July 2022 at 12 pm in our college auditorium with the objective to raise awareness of all the negative impacts that population growth has on the steady development of nature.

### Aim:

To create awareness about overpopulation issues, human rights violations and gender inequality problems in India.

### World Population Day 2022: Theme

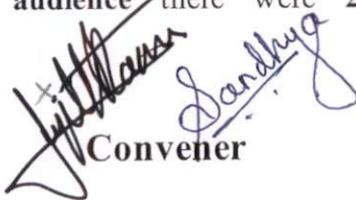

The theme of World Population Day 2022 is '**A World of 8 billion: Towards a resilient future for all- Harnessing Opportunities and ensuring rights and choices for all**'. Current population of World is 8 billion and of India is 140 crores 64 lakhs 65 thousand and 85 persons, however, not all of them have equal rights and opportunities.

### Activity:

Participants presented posters in classes SYBCOM, TYBCOM, SYBAF, TYBAF, TYBBI, SYBMS, TYBMS & SYIT and explained effects of overpopulation issues like Deforestation, Unemployment, Poverty, Gender inequality, health issues and maternity problems and discussed measures like family planning, gender equality, afforestation, right to health, baby's health, etc. Therefore, World Population Day focuses on the importance of reproductive health and how it affects overall growth and development plans and programs. Dr. Shilpa Malani and Mr Sujith Raman were the teachers in charge of this activity.

### Outcome:

Students came to know about the importance of population issues and the need to curb them. Participants gained confidence by presenting the skit before the audience. No of **Participants** in the skit were **7 females and 10 males**. In **audience** there were **278 female beneficiaries and 186 male beneficiaries**.

### **Seedling Activity - Report**

**Date: 10<sup>th</sup> September 2022**

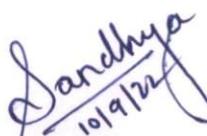

In order to promote on-campus Organic Farming the Eco club and student council in association with Hariyali (NGO) had organized Organic Farming Phase – I Seedling Activity on Saturday, 10th September 2022 at 10.00 a.m.

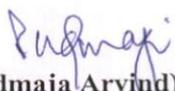

The activity was conducted under the guidance of Mrs. Jailaxmi C. and Mr. Satish Joshi, representatives and plantation experts from Hariyali (NGO). In all, seven types of seeds viz. Ridge gourd, Sponge gourd, Cucumber, Pumpkin, Snake gourd, Bottle gourd, and Bitter gourd were sown in the auspicious hands of Dr. Padmaja Arvind, Principal, and Mrs. Booma Halpeth, Vice Principal. Initially, Mrs. Jailaxmi C. introduced Mr. Satish Joshi. This was followed by the guidance and guidelines given by Mr. Joshi for eco-friendly organic farming. He talked about the importance of organic farming, the advantages of organic farming, and how to develop it.

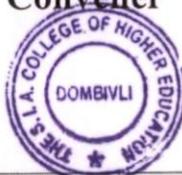

Organic farming in India is not new and is being practiced since ancient times. Mr. Joshi Sir elaborated that, organic farming is a method of farming which primarily aimed at cultivating the land and raising crops in such a way, as to keep the soil alive and in good health by use of organic wastes crop residues, cow dung, compost, farm wastes, and aquatic wastes and other biological materials along with beneficial microbes like bio-fertilizers to release nutrients to crops for increased sustainable production in an eco-friendly pollution free environment.

Dr. Padmaja Arvind spoke about the purpose of developing on-campus organic farming, students and local people should take advantage of this initiative taken by the eco-club and student council. The convenor and Members of the eco-club as well as the student council, faculty members, and students were actively involved in the seedling activity.

### **Organic Farming Phase II : Harvesting Activity Report**

**Date: 15/11/2022**

A harvesting activity of organic farming was organized by Eco club and Student Council in association with Hariyali (NGO) on Wednesday, 15<sup>th</sup> November 2022 at 9.30 a.m. considering the weather conditions and maturity of crops, the harvesting activity was conducted by the members of the eco-club under the guidance of the principal madam. Fruits of Sponge gourd were found matured for picking. Thus, by considering their sizes sponge gourds were picked up by the students. As this was the first harvest of the crop students were enthusiastic to get involved in the activity. During this activity, students could learn to identify the climbers by considering the shape, color and size of the fruits and leaves of the creeper. Students noticed that the maturity period of sponge gourd is less as compared with other vegetable crops. Students could also learn the method of vegetable handling. The effect of soil quality on crop growth, the importance of supplementary irrigation, advantages of drip irrigation method and the maintenance of drip irrigation systems are some of the aspects students could learn about.

As control of pests and diseases is one of the major hurdles in organic farming, the students were informed about it and introduced to the various bio pesticides. Students were also introduced to the process of preparing organic manure through composting. Along with convener, members of the eco-club as well as the student council, and students were actively involved in the harvesting activity. The activity generated 4.5kg of organically produced sponge guard by 14th December 2022 and the amount derived by selling it to staff member was Rs.189/-only.

## REPORT

Date : 19th September 2022

**Name of the Committee:** Eco Club

**Name of the Event:** World Ozone Day Date: 16th sept 2022

**Time:** 11.00 a. m to 12.00 p.m

**Venue:** The S.I.A. College class room (108)(1st Floor)

**Purpose of the Activity:** On the occasion of World Ozone Day 2022 a Guest Lecture was conducted on 16th September to commemorate the signing of the Montreal Protocol, an international treaty that is designed to protect the Ozone layer by phasing out the production of numerous substances.

Ozone is a protective layer in the Earth's atmosphere that absorbs most of the ultraviolet radiation that reaches the Earth from the sun. World Ozone Day 2022 is observed to spread awareness about the ways that are effective in protecting the Ozone layer.

**World Ozone Day 2022** is celebrated every year globally on 16th September to initiate conversation and spread awareness on the depletion of the Ozone layer. The Eco Club of the SIA College had celebrated this day by creating awareness through the guest lecture. This year's World Ozone Day theme was announced by the United Nations focusing on the immediate actions that must be taken by the people as well as the governments, the lecture was related to the same theme.

**Outcome:** Students were made aware about significance of world ozone day through this activity

**Female Faculty member:** 03

**Male Beneficiaries:** 30

**Female Beneficiaries:** 19

**Total Beneficiaries:** 49

### Vrukash Bhandara Report

Eco-Club in association with Hariyali (NGO) organised Vrukash Bhandara on 26<sup>th</sup> January 2023 from 11.30 am on the college ground.

During the Vrukash Bhandara we have displayed 400 + plants of the following categories:-

1. Drasina Green and Red
2. Arelia
3. Crotans red and green dotted
4. Pentos
5. Chlorophytum
6. Sansiviera
7. Jaswand
8. Madanban
9. Krushn Tulasi
10. Tulsi
11. Double Tagar
12. Aboli
13. Mango
14. Fanas
15. Jambhul
16. Sitafal.

Out of above displayed plants 250+ plants and 205 packets of organic manure (1kg packet each) have been distributed to the participants. The manure was donated to the Hariyali Dombivli unit by Mr. Nitesh Mahadik of Dombivli.

#### Beneficiaries:

Male: 58 Female: 64 Total: 122

## NOTICE

**Date: 24/01/2023**

This is to inform all the students and staff members that **Eco Club** in association with Departments of **Banking & Insurance, Mass Media and Accounting & Finance** are organising **Electronic Waste Collection Drive** from 30th January 2023 to 4<sup>th</sup> March 2023 the details of which are as follows:

Students must collect electronic waste items like old discarded batteries, unusable mobile phones, chargers, headphones, keyboard, mouse, desktop, TV, camera, plastic wires, pen-drive, CDs, DVDs, etc from their family, friends, neighbours and bring to college and deposit at our e-waste collection point at ground floor between 7 am to 3 pm.

We are looking forward for a positive response towards conservation of environment.

## Electronic Waste (e-waste) collection Drive Report

Date: 26-04-2023

Eco club in association with Departments of Banking & Insurance, Mass Media and Accounting & Finance of The S.I.A College of Higher Education, Dombivli conducted an e-waste collection drive from **30th January 2023 to 31st March 2023** from 7am to 4pm.

Advancement in technology has resulted in piling up of electrical and electronic devices at a dizzying speed. E-waste is the fastest-growing toxic waste stream in the world and unfortunately, 95% of this e-waste is processed by the unorganized, unregulated, and unauthorized sector causing irreversible damage to the environment and to the underage labour employed in this trade. Toxins like lead, arsenic, cadmium, mercury, etc. are polluting our environment and our ecosystems. Landfilling and dumping of these items as well as the unregulated and unscientific processes used in the informal recycling sector are escalating the already mammoth problem of E-Waste pollution.

This drive aims to serve the community by:

- Planning a project as an outreach involving students collecting e-waste from various areas
- Sensitizing people towards the harmful effects of disposing of electronic waste indiscriminately

Students participated in this community outreach programme and collected e-waste from their neighbours, friends, relatives and family. After collecting e-waste, students brought collected e-waste at the e-waste collection point located at the ground floor where a large drop box was kept to accumulate all the e-waste items collected.

Students brought e-waste discarded items like mobile phones, batteries, set up box, Wi-Fi routers, calculators, CD's, adapters, C.P.U, monitor, Laptops, extension cords, headphones, earphones, electric tools, remote, mouse, keyboard, and so on.

**Outcome:**

Through this community outreach program, students became aware and shared with the community about the hazards of e-waste recycling by the unorganised sector and educated them about alternate methods of disposing their e-waste. Students also made a handmade banner of cotton cloth and painted it. They had spread awareness to other students about the harm effects of flex banner to the environment, whereas cotton cloth banner is environment friendly. Students also decorated the e-waste collection box with colours. Handmade banner made them to work together in groups and promotion of e-waste collection drive in the college developed leadership qualities among themselves and sensitivity towards environment.

Dr. Shilpa Malani along with her **454 students i.e 289 female, 165 male students and 5 faculties** participated in this e-waste recycling drive.

E- Incarnation Recycling Pvt. Ltd. recycling company was invited to collect and dispose off e-waste in an eco-friendly manner and provide us with destruction certificate.

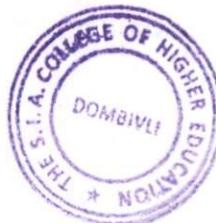

E- Incarnation Recycling Pvt. Ltd. (ERPL) is one of the few Governments Certified Maharashtra Pollution Control Board (MPCB) electronic waste recyclers in India. ERPL was conceived and established in 2010 with the ambition of creating a greener future by recycling and disposing of hazardous, end-of-life electronic products in an environmentally sustainable manner, to conserve and protect our environment.

Last year we had collected 370 kgs of e-waste in April 2022. This year we collected almost double i.e. 772 kgs of e-waste. This drive generated revenue of ₹17,832/- which was deposited in college fund. S.I.A. Junior college and The SIA College of Health Sciences College of Physiotherapy also participated in this drive. Total e-waste collected was 772 kgs where 762 kgs was collected by The S.I.A College of Higher Education and 10 kgs was collected by The SIA College of Health Sciences College of Physiotherapy.
