Group 2

1) discussing in between while opposite Group Person is talking.

2) I agree with the AI now growing in the organisation but side by side if any issue occur then who will solve the issue.

3) You should not directly remove the Employee, you should give them time so that they should start the searching for new job. 1 week time should give.

Group 1.

1) They were silent & hearing the Group 1 when they were talking.

2) The communication were clear from Group 1.

3) Company ne remove krega Employee to Company ka reputation down nai hoga.

Decision of Judge

I will support the Employee, because the opposite group of Company they are continue talking on the same thing.

They are talking they will hire the Employee as well but opposite ~~they~~ style they are. Saying they will.

Keep the robots also.

If robot will be there then why they remove the Employee without intimation them.

AI vs Robot vs Employee

Group 1

1) voice & Energy was good.

2) Talent will be stick to that only.

3) They have very very deeply studied the topic.

Talent vs Hardwork

Group 2. 1) voice & Energy was good.

2) Talent in the Company will be more valuable not the hardwork. Study the topic.

3) They have deeply searched many things & they have related to topic.

Draw

Very touch perfect For me Talent Masboot. Chalu hai. ~~Right~~ ~~hardwork~~
