PROSPECTUS

BAMMC

2023-24

(F) BMM/ BAMMC (BA IN MULTIMEDIA AND MASS COMMUNICATION)

In today's fast changing scenario, media is an attractive career. It is essentially about the different means of media communication used by the masses, such as newspapers, magazines, cinema films, radio, television, etc. The course aims at imparting detailed knowledge about the various fields of advertising, communication, and public relations.

The course intends to impart to students all the technical skills required to be successful in the field of media. It also imparts other essential skills such as research aptitude and verbal as well as presentation skills to candidates.

Programme Outcomes:

PO1: The program considers media industries and their relationship to culture and society, and the understanding of how communication works. The program emphasizes the development of critical thinking, professional writing skills and effective oral communication.

PO2: The Communication and Media Studies major prepares students for a wide variety of careers in business and industry, advertising, public relations and journalism, or advanced study

PO3: This program will equip the learners with professional skills essential for making career in Entertainment industry, Cinema, Television, OTT Platforms, social media platforms etc.

PO4: Students would demonstrate the ability to apply rhetorical principles in a variety of creative, cinematic, organizational, professional and journalistic venues.

PO5: Knowledge, skills, and values that prepare them for future careers in our interconnected society, whether in mass media or advanced study

PO6: Learners would develop a global awareness of political, social and corporate issues influenced by communication sensitivity and skills.

PO7: Learners will understand mass media as a system of interrelated forces, including historical foundations, technological advances, economic dynamics, regulatory constraints, and ethical concerns.

PO8: This programme will also give them an improved sense of self-confidence and self-efficacy and an awareness of their responsibilities as professionals in their field

PO9: Learners will be able to create and design emerging media products, including blogs, digital audio, digital video, social media, digital photography, and multimedia.

PO10: They will be better equipped to grasp the complex relationship between communication/media theories and a diverse set of individual, social, and professional practices.

PO11: Learners will understand the underlying philosophical assumptions of, and be able to apply, communication research methods to address a range of media texts and audiences, production and technological practices, and relevant social issues.

PO12: Learners will comprehend the foundations, process, and practices of writing for and about the media, and demonstrate proficiency in writing across platforms.

PO13: Learners will be able to conceptualize, design, and produce one or more works in media based on effective principles and practices of media aesthetics for a target audience.

PO14: Learners will acquire the knowledge and skills required to pursue a career in the specialization of their choice.

BCOM

2023-24

BCOM: Business Economics III
Faculty: Hema Iyengar

The image shows a screenshot of a Microsoft PowerPoint presentation. The slide is titled "Learning from the Course" and is the third slide in a five-slide sequence. The slide content is as follows:

Learning from the Course

At the end of the session the learner will be able to:

- › Explain the concepts of income, inflation, stagflation, and unemployment
- › Understand and evaluate contribution of Keynes and other economists to macroeconomics
- › Apply the concepts of macroeconomics to real life situations

The slide is displayed in a window titled "BCOM III - PowerPoint". The window includes the standard PowerPoint ribbon (File, Home, Insert, Design, Transitions, Animations, Slide Show, Review, View, References, Help) and a taskbar at the bottom showing "Slide 3 of 5", "100%", and "10:26 AM".

BAMMC

2023-24

BAMMC: Film Communication
Faculty: Shweta Gopalkrishnan

The screenshot shows a PowerPoint presentation in 'Normal' view. The title bar reads 'FILM COMMUNICATION - PowerPoint (Product Activation Failed)'. The ribbon includes 'FILE', 'HOME', 'INSERT', 'DESIGN', 'TRANSITIONS', 'ANIMATIONS', 'SLIDESHOW', 'REVIEW', and 'VIEW'. The slide content is as follows:

- Slide 1:** FILM COMMUNICATION
- Slide 2:** COURSE OUTCOME
- Slide 3:** LEARNING OBJECTIVES TO MEET THE TARGETS
- Slide 4:** MODULES / ASPECTS OF FILM

The 'COURSE OUTCOME' slide features four overlapping circles with the following text:

- Circle 1 (Left):** To inculcate liking and understanding of good cinema
- Circle 2 (Second from Left):** Awareness of brief history of movies and major cinema movements
- Circle 3 (Third from Left):** Understanding Power of visuals and sound to use in effective communication
- Circle 4 (Right):** Some insights into film techniques and aesthetics

BAF

2023-24

BAF: Auditing I
Faculty: Rasika Shinde

Course Outcomes

- **Auditing I (Introduction and Planning)**
- **CO 1: Understand the concept of auditing, errors and frauds, principles of audit and types of audit.**
- **CO 2: Plan audit program and, maintain working papers and audit note book.**
- **CO 3: Understand techniques of auditing.**
- **CO 4: Understand concept of internal audit.**

MSCIT

2023-24

M.Sc.I.T. Part I ORIENTATION PROGRAMME 2022-23

Course Name: Soft Computing Technique

Upon completing this course, the student will be able to:

OC1 Gain a solid understanding of the fundamental concepts underlying soft computing, including the differences between soft computing and traditional hard computing methods.

OC2 Familiarize with a variety of soft computing techniques such as fuzzy logic, neural networks, genetic algorithms, swarm intelligence, and probabilistic reasoning.

OC3 Apply soft computing techniques to solve real-world problems from various domains such as engineering, finance, healthcare, and more.

OC4 Formulate problems in a way that lends itself to the application of soft computing techniques, taking into account the uncertainties and imprecisions present in real-world data.

OC5 Understand of how fuzzy logic works and its applications in modeling and decisionmaking under uncertainty.

OC6 Gain knowledge of neural network architectures, training algorithms, and their applications in pattern recognition, regression, and classification tasks.

OC7 Understand genetic algorithms, their components, and their use in optimization problems and search spaces.

OC8 Familiarize with swarm intelligence algorithms such as ant colony optimization and particle swarm optimization, and their applications in optimization and search problems.

MCOM

2023 – 24

Course: Mcom (accountancy) Semester – I

Name of the Faculty : Mrs. Salochna Nagdev

Course Outcome

Cost and Management
Accounting

M.com Course Outcome

MCOM Part I SEM I (Advance Accountancy and Banking and Finance)	
Cost and Management Accounting	<ol style="list-style-type: none">1. To enhance the abilities of learners to develop the concept of Cost and management accounting and its significance in the business2. To enable the learners to understand, develop and apply the techniques of costing in the decision making in the business corporates3. To enable the learners in understanding, developing, preparing and presenting the financial report in the business corporate

MCOM

2023 – 24

Course: Mcom Semester – II

COURSE OUTCOME

E - COMMERCE

E-Commerce	<ol style="list-style-type: none">1. To provide an analytical framework to understand the emerging world of e-commerce2. To make the learners familiar with current challenges and issues in e-commerce3. To develop the understanding of the learners towards various business models4. To enable to understand the Web- based Commerce and equip the learners to assess e-commerce requirements of a business5. To develop understanding of learners relating to Legal and Regulatory Environment and Security issues of E-commerce
