1. The first part of the question is about the definition of a business. A business is an organization that provides goods or services to customers in exchange for money. It is a legal entity that is separate from its owners and has its own identity. The second part of the question is about the types of businesses. There are three main types of businesses: sole proprietorship, partnership, and corporation. Sole proprietorship is a business owned and operated by one person. Partnership is a business owned and operated by two or more people. Corporation is a business owned and operated by a group of people, known as shareholders or investors. The third part of the question is about the advantages and disadvantages of each type of business. Sole proprietorship has the advantage of being easy to start and operate, but it also has the disadvantage of being limited in the amount of capital it can raise. Partnership has the advantage of being able to raise more capital than a sole proprietorship, but it also has the disadvantage of being more difficult to start and operate. Corporation has the advantage of being able to raise a large amount of capital, but it also has the disadvantage of being more expensive to start and operate.

## Report

Date: 23/09/23

Activity: Workshop – ‘ How to handle stress at workplace’

Venue:G3

Time: 11am to 12:30pm

Target : Non Teaching staff

In the view of stress faced by non teaching staff caused by agitated students and parents that approach them for complains, a workshop was conducted to help them handle the stress.

Workshop started with an activity to understand self and understanding self. This activity helped them understand that self constitutes of more elements other than work, occupation, family. To understand personal triggers in a conflict, staff was asked to write those down specific instances and share it after. The aim was to understand the communication style and how it affected them. Once an awareness of the specific incident was established, ways to handle conflict with students and parents was discussed. Ways like – avoiding, accommodation, compromise and collaboration were discussed. This was followed by ways the staff can manage their own anger and stress caused by the conflict. This included- taking a pause before responding, breathing technique to reduce anger, assertive communication, working on body language and self talk, active listening. Each of this was discussed in detail. In the end, a post it note was given to each one to write a message that will remind them to stay calm in aggregating situations and then asked to stick it on the computer screens.

According to the verbal feedback received, this session was helpful and more such sessions will help the well-being of non teaching staff.

**Report**

Date: 12/10/2023

Venue: Respective classrooms

Target: FY and TY classes

On the occasion of Mental health Day 2023 that is celebrated on 10/10/2023, students were shown a Mental Health Awareness clip in their respective classes to understand the importance of a mental health . The clip showcased initial signs of helplessness faced by humans which is gone unnoticed due to not speaking up and sharing with someone, which then leads to severe mental health conditions. The students learned to speak, share about things that are bothering them and were also encouraged to avail counselling services in the college premises.

## Report

Date: 12/12/2023 to 16/12/2023

Venue: Respective classrooms

Target: FY (BMS,IT,BCOM,BBI,BMM)

In the view of stress faced by students, classroom sessions were conducted by the counsellor. The aim of the sessions was to make students aware of mental health and how to take care of it. The session started with getting an understanding of what mental health means to the students. This was followed by explaining in simple words the meaning of mental health, how it's related to physical health. Terms like anxiety, depression, emotions, active listening, healthy communication were discussed. Students were provided with effective strategies like journaling, goal setting, long breath technique, exercising regularly, eating healthy. Students were also encouraged to talk to the counsellor when they feel they need help. Role of counsellor was explained and availability was conveyed to the students. Students showed positive verbal feedback for the session and requested more such sessions.

SYBCOM B Female 4

In the interest of promoting mental health, sessions were conducted for SYBCOM A and B on the topic of anger management. Students were explained the emotion of anger and how it can affect us if not managed efficiently. A story was narrated to explain consequences of anger. In addition, students were also given strategies to become aware and manage emotions. Awareness, analysis and Pause – these techniques were taught and demonstrated to help students understand how to manage anger.

More such sessions will help students to deal with emotions effectively.
