The S.I.A College of Higher Education strives for comprehensive education by equipping students with latest skills and tools to acquire competence, quality education to face the dynamically evolving society.

To build a rich pool of talented and employable professionals with strong foundation consisting of ethical and moral values and socially responsible individuals

About SIA

The S.I.A college of Higher Education believes that "Knowledge is Power", and started functioning in 2010 with only 11 students. Our College has marked success in various different streams and today the S.I.A Parivar is having the strength of around 1300 students. The college completed the first cycle of NAAC accreditation in the year 2015 with 'B+' grade. As an institution we always strive to provide a healthy and excellent atmosphere to excel in teaching and learning. The S.I.A Parivar welcomed a new member into its family i.e. The S.I.A College of Health Sciences which offers Physiotherapy Course in our college premises from this year. In our endeavor to quality education we constantly monitor the progress of the students through various mechanisms and also provide them with various support systems and equip them through certifications which helps them to excel in their field. We constantly focus on encouraging our students by providing them with real time projects through our incubation cell - "SIA TECHLINK".

Start-up India

Startup India is a flagship initiative of the Government of India, intended to build a strong ecosystem that is conducive for the growth of startup businesses, to drive sustainable economic growth and generate large scale employment opportunities. The Government through this initiative aims to empower startups to grow through innovation and design.

Several programs have been undertaken since the launch of the initiative on 16th of January, 2016 by Honorable Prime Minister, to contribute to his vision of transforming India into a country of job creators instead of job seekers. These programs have catalyzed the startup culture, with startups getting recognized through the Startup India initiative and many entrepreneurs availing the benefits of starting their own business in India.

The 19-Point Startup India Action Plan envisages several incubation centers, easier patent filing, tax exemptions, ease of setting-up of business, a INR 10,000 Crore corpus fund, and a faster exit mechanism, among others.

Entrepreneurship

About EDC

The Motto of launching this cell is to encourage the students to take self employment as a career and also molding them in a way which will assist them for achieving and accomplishing their dream of becoming an entrepreneur. It is an initiative that aims at fostering the spirit of entrepreneurship amongst the youth. Activities which will be carried out through this cell will basically focus on providing students with all the aids which will help them in their self employment that will include sessions, workshop, training, modular courses etc. It will also focus on activities promoting entrepreneurship amongst the youth of our nation.

Objectives of EDC.

- To create awareness among faculty members and students about the various facets of entrepreneurship as an alternative career option
- To highlight the advantages of pursuing such an option.
- To focus on developing, nurturing and promoting self employment as a career path for the students who take or are interested to excel in Corporate.
- To create an environment in the college where students will get motivated to take-up entrepreneurship over JOB
- To convert innovative project into marketable product
- To facilitate start-ups through proper mentoring.

Functions of EDC

1. Motivate, Support and mentor students for identification, development and commercialization of their business ideas.
2. Organize different trainings and talk sessions by Entrepreneurs to provide them with real time cases and also to have a proper guidance regarding the field they want to have a startup in.
3. Develop and strengthen the entrepreneurship quality i.e. motivation or need for achievement.
4. Help them understanding the process and the procedure involved in setting up a business.
5. Help them acquiring necessary managerial skills required to run an industry.
6. Conduct various surveys in order to identify various opportunities for entrepreneurship

Target Audience for EDC

Target Audience for EDC will be students who are commerce or science graduates or those who are doing their final year graduation in management/science or any other field

Schemes by Government of India to support Entrepreneurship

1. **Start-up India**
2. **Make in India:** - Designed to transform India into a global design and manufacturing hub, the Make in India initiative was launched in September 2014. It came as a powerful call to India's citizens and business leaders, and an invitation to potential partners and investors around the world to overhaul out-dated processes and policies, and centralize information about opportunities in India's manufacturing sector.
3. **Atal Innovation Mission (AIM):** - AIM is the Government of India's Endeavour to promote a culture of innovation and entrepreneurship, and it serves as a platform for promotion of world-class Innovation Hubs, Grand Challenges, start-up businesses and other self-employment activities, particularly in technology driven areas. In order to foster curiosity, creativity and imagination right at the school, AIM recently launched Atal Tinkering Labs (ATL) across India. ATLs are workspaces where students can work with tools and equipment to gain hands-on training in the concepts of STEM (Science, Technology, Engineering and Math). Atal Incubation Centers (AICs) are another programme of AIM created to build innovative start-up businesses as scalable and sustainable enterprises. It also provides world class incubation services in terms of capital equipment and operating facilities.
4. **Support to training & Employment Programme for women (STEP):** - STEP was launched by the Government of India's Ministry of Women and Child Development to train women with no access to formal skill training facilities, especially in rural India. The Ministry of Skill Development & Entrepreneurship and NITI Aayog recently redrafted the Guidelines of the 30-year-old initiative to adapt to present-day needs. The initiative reaches out to all Indian women above 16 years of age. The programme imparts skills in several sectors such as agriculture, horticulture, food processing, handlooms, traditional crafts like embroidery, travel and tourism, hospitality, computer and IT services.
5. **Digital India:** - The Digital India initiative was launched to modernize the Indian economy to makes all government services available electronically. The initiative aims to transform India into a digitally-empowered society and knowledge economy with universal access to goods and services. Given historically poor internet penetration, this initiative aims to make available high-speed internet down to the grassroots. This program aims to improve citizen participation in the digital and financial space, make India's cyberspace safer and more secure, and improve ease of doing business.
6. **Pradhan Mantri Kaushal Vikas Yojana (PMKVY):** - A flagship initiative of the Ministry of Skill Development & Entrepreneurship (MSDE), this is a Skill Certification initiative that aims to train youth in industry-relevant skills

to enhance opportunities for livelihood creation and employability. Individuals with prior learning experience or skills are also assessed and certified as a Recognition of Prior Learning. Training and Assessment fees are entirely borne by the Government under this program.

7. **National Skill Development Scheme:** - Launched in July 2015, the mission aims to build synergies across sectors and States in India' it is designed to expedite decision-making across sectors to provide skills at scale, without compromising on quality or speed. The seven sub-missions proposed in the initial phase to guide the mission's skilling efforts across India are: (i) Institutional Training (ii) Infrastructure (iii) Convergence (iv) Trainers (v) Overseas Employment (vi) Sustainable Livelihoods (vii) Leveraging Public Infrastructure.

Entrepreneurship Development Cell

Report: Bench to Business

22nd February , 2020: A one day seminar , '**Young Entrepreneurship Meet**' was organised for BMS students. A total of 121 students attended the session. There were 7 speakers in total namely: Mr. Divesh Shetty, Mr. Vaibhav Vispute, Mr. Pramod Sawant, Mr. Sanket Joshi, Ms. Ritu Joysar, Mr. Harshal Choudhary and Mr. Paresh Ratnaparkhi.

EDC was launched in 2018 with a motive to encourage students to take self employment as a career & mould them with skills to accomplish their dream of becoming an entrepreneur. In order to motivate students to innovate, nurture the entrepreneurship instincts and pursue it as a career, the cell had invited 7 speakers from diverse fields who instilled the belief among the students that with proper guidance and mentoring students can become successful entrepreneurs even at a young age. The speakers were as follows:

1. Mr. Divesh Shetty : Renowned concept tattoo artist. Instagram handle: Artist_cesar.
2. Mr. Vaibhav Vispute : Founder of AiBa Events.
3. Mr. Pramod Sawant : Founder and CEO of Yukti media. Writer, professor, Columnist and social activist.
4. Sanket Joshi : Linguist and Music producer.
5. Ms. Ritu Atul Joysar : Certified Nail Technician and Educator.
6. Mr. Harshal Choudhary : Masters in International Hospitality and Tourism Management , Owner of Boofiya Cafe (Dom)
7. Mr. Paresh Ratnaparkhi : Professional commercial photographer , cinematographer.

All the speakers emphasized on essential skills like professionalism, discipline and creativity to succeed as an entrepreneur. They explained how hobbies and passions can become professions. They motivated students to think beyond obvious. The speakers spoke about their initial failures and how they could not bog their spirits down. The speakers also gave the students a reality check & told them that entrepreneurship is not only about high incomes and authorities but it comes with a price of sacrifice of social & personal life & a lot of drive towards customer orientation.

There was an interactive Q & A session at the end where the speakers answered the queries by the students. They also guided the students, encouraging them to follow their passion.
