To,
The Principal,

Subject : Seminar on how to manage risk in career

We are group of passionate people from the TOP MBA College like IIT-Bombay / JBIMS/G.I.M & Symbiosis. We have been Nurturing Students for the entrance exam like CET/CMAT/TISS/ SNAP/ATMA. Since 28th November 2010. All our trainers have qualified the above exams and have good experience about the entrance exam. We not only train our Students to qualify the entrance exam but mentor them to secure good placement & Designation in corporate world. We have also been responsible of creating 2 leading Test-Prep in India. Many students aspire to take competitive coaching but due to high fees many students turn down their aspiration and give up their dreams. Looking towards the need of the students we have customized our program to cater services to all set of students.

Why we conduct seminar??

As per our research – it has been observed that India is the only country in the developing and developed economies that follows a stereotype education pattern especially in the graduation segment. The size of the student segment in the Indian Economy being so large – that is virtually impossible to offer "Interest based education both at the undergraduate as well as post-graduate level.

In an attempt to be successful – it is imperative that students follow their passion – it is critical that there is a proper mapping of what students want to do and what they actually do, also the real aptitude – the skills base & interest levels the students possess needs to be polished and upgraded.

Whom we would like to address our seminar?

We would like to interact with final year students whoever is in third year are most welcome for the seminar.

Highlights of session:-

- * Life exemplary talk.
- * Showcase of Maths Technique and method to improve vocabulary skills.
- * How to manage risk in career.
- * Communication skill.
- * One to one counselling if needed.

Our lecture will go for minimum 60 mins. If you want more detailed lecture we can extend our time as per your convenience. Our lecture will be Free of cost; neither students nor the institute will be charged for this lecture.

Profile for our Trainer:-

Mr. Harsh Waghmare

To,

The Principal
The SIA College of Higher Education.

Subject : Session on "Career Guidance" for final year students – by Senior Professors of NCRD's Sterling Institute of Management Studies, Nerul, Navi Mumbai.

Dear Sir / Madam,

It gives me immense pleasure to share with you that we are conducting a session for "Career Guidance" and awareness about CET for final year students who are at their crossroads to decide their careers. For this following faculty will visit to your College:

Prof. Dipali S. & Prof. Rahul W.

The objective of this activity is to motivate the students to choose the right career according to their capability and interest and provide guidance about entrance exams, free CET coaching, career planning and admission process.

We require 40 minutes interaction/presentation with your final year(UG) students. If the more number of students are there from different streams then separate interaction/ presentation can be arranged on the following topics.

- Career Guidance : 15 minutes.
- CET Awareness : 15 minutes.
- Q & A Session: 05 minutes

In addition to this we are organising free CET coaching in our institute for all the students. Interested students from your esteemed college can give their names to our faculty members. So I request you to facilitate this activity.

Looking forward for your cooperation.

With Regards,

(Dr. Prashant Gundawar)

Venue – Microsoft Teams

Our first guest speaker for the day Sanjana Sharma Mam started by giving a brief introduction about herself and she also gave an introduction about **American Indian Foundation**.

Then she told us about the steps we should follow for deciding our area of interest and career, which included –

- **Career Planning** – followed by 4 basic steps
 - Self-assessment – this includes knowing our strengths & weaknesses
 - Career exploration – to know which kind of jobs suit our area of interest
 - Get focused – setting our goals & creating an action plan for the same
 - Taking right action – doing courses, internships & gaining experienceShe also introduced us to a popular digital platform i.e. LinkedIn, with its importance in getting a clear picture about any industry & industrial trends.
- Moving on mam told us about **Career Monitoring Test** that help us to know about our personality & what type of job suits us.
- She also introduced us with the basic **Employability Skills** an employee should have, which included –
 - Adaptability & Flexibility
 - Communication & Emotional Intelligence
 - Team work & Collaboration
 - Leadership
 - Time management
 - Stress management
 - Digital communication

A video related to **NSDC'S eSkillIndia** was also shown, for enhancing our employability skills. The video helped us to know about the steps of registration to eSkillIndia and how we can enrol into a course and earn an e-certificate.

Then Sanjana Mam welcomed our second guest speaker of the day Kirit Dhabhalia Sir.

Sir started with an interactive session by asking, What is our area of interest?

He spoke about various career opportunities in IT and also told us about various certification courses and different platforms where we can do a certification.

Moving on Sir introduced us to various areas which we can explore for pursuing a career. The different topics which he discussed included – Programming language, Database administrator, Database designer, Cloud computing, Gaming, ERP, Networking, Ethical hacking, Data analytics, Digital marketing, etc. He also introduced us with the concept of Professional certificates and various platforms for doing a certification course

Then Sir gave us a brief introduction about Data Science and what are the basic topics about which a Data Scientist should have prior knowledge, which included –

- Programming language (R, Java, Python)
- Machine Learning (regression, classification, clustering, etc)
- Integrated Development Environment (Jupyter, R studio, Pycharm, etc)
- Web scraping (scrapy)
- Maths (statistics, linear algebra.)
- Data visualisation tools (power BI)
- Data analysis

This was followed by a Question & Answer session for better understanding.

Then Sanjana Sharma Mam gave a vote of Thanks to Kirit Dhabhalia Sir.

Saisree Mam addressed both our guest speakers for giving their precious time and sharing their knowledge & experience with us.
